WORK EXPERIENCE

Full-Stack Developer and UI/UX Designer / Self-employed

AUG 2017 - PRESENT   Remote

As a self-employed full stack developer and UI/UX designer with 5 years of experience, I brought a unique perspective to over 20 projects.
Mainly in designing user-friendly interfaces and developing scalable applications, from creating mockups to writing clean and maintainable code.

Frontend Developer and UI/UX Designer / Sekera Group

MAY 2020 - JUN 2022   Part Time • Remote

As a designer and front-end developer at Sekera Group, I brought my skills in user-centered design and front-end development to a dynamic and challenging industry. Over two years, I worked on a variety of projects, including a Cyber-Range Infrastructure-As-Code platform in the cloud to provide an integrated environment for cyber learning and training.

Graphic Designer and IT Specialist / Optima Elec

JUN 2018 - JUN 2019   Part Time • Hybrid

During a year as a graphic designer and IT specialist, I put my expertise in both design and technology to use, my work involved creating visually engaging graphics, marketing collateral, and digital content, as well as providing IT support for software and hardware issues.

Software Developer / BTP Compact

JUL 2017 - OCT 2017   Internship • On-site

Throughout my 4 months internship, I was focused on delivering a billing/management solution that runs on the cloud to keep billing-related data backed and synced among all branches.
